Hi X and Team,

Hi X and team, I got turned on to you by my friend Y who attended your Iconic event and have been a big fan ever since.

Your podcast has really helped me in 2020 as we move into a completely new business world. I also loved the episodes where you call out the copy cat coaches. I hear horror stories from my audience all the time who've worked with "coaches" who haven't taught them anything, so it's refreshing when someone tells it like it is.

I just wanted to send a thank you for all the work that you do. As a woman entrepreneur who is working her way to seven figures, I really appreciate what you've done and the example you provide. I look forward to being able to attend one of your events someday when we're all doing events again.

And if there is any way that I can help you spread your message or your mission please let me know. Thanks, Your Name

**Sincerely yours,
Your Name**
