7 Laws of the Universe

Law of Perpetual Transmutation:
Everything is energy and in a constant state of change.

Law of Gestation:
Everything takes time to manifest. There is a natural order to things.

Law of Polarity:
Everything in the universe has equal and exact opposite.

Law of Cause and Effect:
For every cause, there is an effect and for every effect there is a cause.

Law of Rhythm:
Everything moves in perfect rhythm and perfect speed.

Law of Relativity:
Everything is relative to your own experience and personal values.

Law of Vibration and Attraction:
Everything in the universe vibrates and moves. Energy of same frequency likes to hang together.
